

AU SMART CUBE & AU BIG BOX

ST143 / ST141

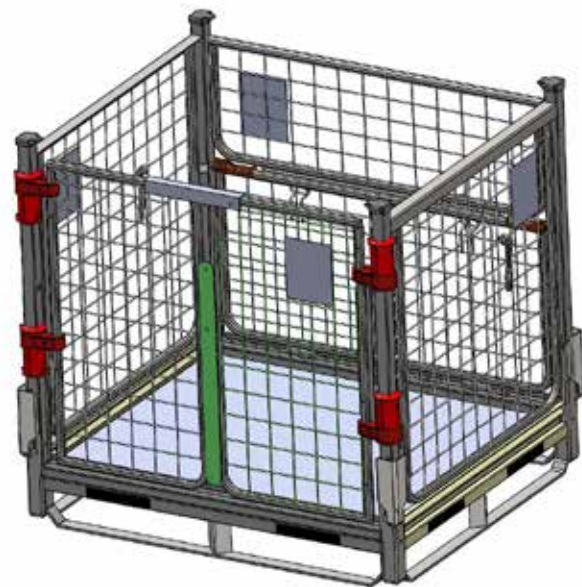

The Smart Cube / Big Box offers a simple “Walk In One Side, Fold Down the Other Side” giving you a Single or Double footprint and cubic efficiency.

The AU Smart Cube & AU Big Box are 2 new products that are ideal for companies wanting to reduce OHS in the workplace, but also maximise cubic efficiency in their logistics at the same time.

They are both a foldable and stackable distribution stillage that can be used to handle or store your products as easily as possible. providing good product visibility and reduces damage to goods transported.

The stackability of the folding stillage enable better cubic efficiency in warehousing, storage and in transport.

They are designed to fit well onto forklifts, making for easy loading and unloading when products are shipping.
